# Cardboard Displays

Dealing with many large retail chains we are often asked can we supply display stands and custom displays with branding to promote.

If you require a system that will give you the flexibility for your merchandising requirements, NuFX has a range of Cardboard Display Moduels to suit your needs.

Our Smart Cardboard Display, snaps into shape in just seconds. Reducing on-site set up times allowing your staff to get in set up and get out within minutes instead of hours.

The added metal support bar under the shelves is can hold up to 10KG per shef.

Limited only to your imagination, designs are able to accomodate for curves, hooks, dump bins and more.

With NuFX's large network of quality manufacturers and suppliers we have been able to supply many different styles of Disdplay Modules.

# Acrylic Displays

Working closely along side our customers to deliver merchandising and display solutions.

NuFX offers a variety of acrylic merchandising solutions.

High quality acrylic display stands to highlight your product are available in a large range of shapes, sizes and designs to meet your requirements.

Versatility allows us to have solutions for a wide range of categories, whether its eyewear or clothing, cosmetics or wound care, there is an acrylic display for you.

The option for prototyping and designing a solution to meet your needs is also readily available.
